

#1

#2

Enclosed with the baby seat you will find three loose straps. Fix the straps to the body of the baby seat as shown on picture #1 & #2.

Place one strap at the top, one strap at the bottom and one strap in the middle

#3

#4

#5

IF CHILD IS LESS THAN 6 MONTHS OLD:
Place the Baby Seat in the angle shown on picture #3 and thereafter use the upper and the lower strap to fasten it onto the Turtle Kiddy Bus as shown on picture #4 & #5.

The upper strap is tightened around the back seat on the top and the lower strap is tightened around the opposite seat below.

#6

#7

IF CHILD IS MORE THAN 6 MONTHS OLD:
You can place the baby seat in a more upright position if the child is more than 6 months old. To do so tighten the upper strap and the middle strap onto the Turtle Kiddy Bus as shown on picture #7.

The upper strap is tightened around the back seat on the top and the middle strap is tightened around the back seat below.
